DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

#51 is a detached 2-1/2 story building, probably of stone, because of its thick walls and now sealed with stucco.

It is three bays wide and approximately seven bays in depth, built against an outcropping of fieldstone in an old section of Frederick formerly known as "Cannon Hill."

The front facade has been completely altered with a drive-in entrance in the center, flanked by regular doors. Above is a newer double pair of 1/1 sash flanked by a 6/6 sash window on either side. Similar windows are in the sides of the second floor.

The building has a low sloped, "A" frame roof of asbestos shingles.
